Queen Park Rangers Selects QRails to Provide Integrated Payments, Stadium Entry, and Loyalty Solution

Denver, Colorado and London, England, July 5, 2018 — QRails, Inc., a financial technology company offering sophisticated integrated processing and program management services, today announced that London-based Queen Park Rangers Football Club (QPR) has chosen QRails as their technology partner for an integrated, real-time payments, venue access and loyalty solution. QPR Pay will be the first multi payment real time solution offered by any professional football club to its supporters.

QRails' MasterCard-branded payment solution will be integrated with the stadium's venue access system, the club's existing loyalty program, QPRCash, Apple Pay and Google Pay to provide mobility, convenience, and an exceptional user's experience. QRails' cloud-based, SaaS delivery model, and RESTFul APIs underpin the delivery of this innovative sports club solution.

"We're excited to give our season ticket holders and members the opportunity to use their season ticket, membership card or the Club app to earn QPRCash on all transactions, wherever MasterCard is accepted," said Euan Inglis, Commercial Director of QPR. "The QRails real-time payment solution is a very innovative product and is digital first in the football sector. It is exceptionally easy for fans to use and opens up an exciting new channel for the Club and our sponsors to engage to our supporters."

"QRails offers sports clubs a unique combination of cloud-based payment processing and an API-friendly platform that makes it easy to integrate with their existing systems," stated Naseer Nasim, CEO of QRails. "QPR was quick to see how they can leverage our technology to improve customer engagement," he said. "We are thrilled to have QPR as our first professional football club client and look forward to working with them to exploit our platform's full potential."
